We ask for your assistance so that we may provide you with the best possible service. We request your selection of menu items for your group no less than 4 days prior to your arrival so that we may provision our kitchen properly. We stock and provision our kitchen 2 times a week only. All of our menu items are prepared fresh daily. Our Chef and kitchen provide services to our private guests in our villas only. We are not open to the public. Therefore, it is impossible for us to stock our kitchen with all the fresh ingredients needed for our entire menu if that entrée or dish will not be ordered. If for any reason, we are not given your menu selection in advance prior to our provisioning day and your arrival day, we will be happy to offer you what is in stock in our kitchen until our next provisioning day and your menu selections have been received.

We are very happy to provide Al La Carte orders from our kitchen with out prior notice and for the last minute requests.
